This is to advise you that from the information provided, and pursuant to Part 91, Soil Erosion and Sedimentation Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, and the Rules promulgated under Part 91, being R 323.1701 to R 324.1714, a Soil Erosion and Sedimentation Control Permit is not required. This Waiver may be presented to your local building official for compliance with Rule 323.1711. **THERE IS NO FEE OR CHARGE FOR ISSUANCE OF THIS WAIVER.**

This Agency has determined that the activity as proposed qualifies for a Waiver because either the activity is more than 500 feet from the water's edge of a lake or stream and the amount of earth change is less than one acre, or the activity does not otherwise require a Permit under Part 91 or the Rules (R 323.1705). This Waiver does not exempt any party from acquiring any other applicable permits through federal, state, county, or local agencies. Further, this Waiver does not exempt the earth disturbance activity from enforcement of Part 91, 1994 PA 451, as amended, and its Rules where there is a violation. Review of proposed drainage and grading plans has not been performed for this project and this Agency, by issuance of this Waiver, accepts no responsibility for any and all damages incurred by improper earthwork which might increase runoff and be subject to civil sanctions.

If the scope of activity changes or is different from what has been described, or if information is contrary to that submitted to this Agency, a Permit may be required; and, you must contact this Agency before commencing that earth disturbance. The County Enforcing Agency has the authority to stop any activity not in compliance with Part 91, 1994 PA 451, as amended, and its Rules.

I, the undersigned, affirm that the project referenced above will be completed as described to the County Enforcing Agency on this date.
